Living in Central Lethbridge has so many perks. For example, this 5 bedroom bungalow which by the way has had a list of recent renovations done to it, is blocks from an elementary and junior high school. Its blocks away from the hospital and so many green spaces. No matter what side of the city you need to travel to this location is so central that you get to where you need in no time at all! You also get to live in a community where mature trees line city streets. Does this home check a lot of boxes on your list? We believe it does.
