Wow! That's one way to describe this EXTENSIVELY UPDATED and large bi-level, located in a sought-after neighborhood within walking distance to Henderson Lake. This is not your 'cookie-cutter' floorplan! The main floor features a bright, open concept with vaulted ceilings & wood beams, 3 large bedrooms, laundry and 1.5 baths. The basement has a newer LEGAL BASEMENT SUITE with quartz countertops, 2 spacious bedrooms, 1.5 baths, separate laundry and private entrance. Now, let's talk updates... windows, vinyl plank flooring, kitchen countertops, moulding & eating bar, window coverings, metal railing, light fixtures, electric panel, 2 furnaces (2020) and a new hot water tank. The backyard is huge and features 2 sheds, garden box and trees. There's an upper level deck with dura-decking, glass & privacy blinds and there's newly installed SOLAR PANELS! The attached double garage measures 22 x 27 with tall dual doors & mezzanine. This property has too many features to mention and you will want to see it in person!
